ASSESSOR HERTZ'S ACCOUNTS.

His bondsmen have guaranteed the Salary Coming to Him.

Assessor Daniel B. Hertz is said to be in a peck of trouble. His bondsmen, Judge Rockwell and Theodore Ehret of this city, who are surety for him in the sum of \$6,000, seem to be of the belief that there is something wrong with his accounts.

The assessor is provided at the beginning of the year with poll tax receipts, for which he must render an account to the county commissioners returning either cash or the receipts. This it is alleged, Mr. Hertz has failed always to do and it is said that there are now receipts to the amount of \$1,200 for which he has not accounted. It is stated that the county commissioners have been unable to get a settlement, which is due every three months, for the past six months or more.

Some time ago Messrs. Ehret and Rockwell brought an action in the district court to garnish the salary due the assessor from the county for the three months of October, November and December, which amounts to \$600. The bondsmen say they have taken steps to protect themselves as far as possible. At the meeting of the commissioners next week Mr. Hertz will be given an opportunity to produce the desired vouchers.

A French statistician says that the number of men and women in France is more nearly equal than in any other country of the world, there being only 1,007 women to 1,000 men.
